

Dear Parents and Guardians of the Tucson Unified School District,

I am very excited to share with you that the Hollinger K-8 will have another exciting school year with much to offer! Go Bulldogs! Hollinger K-8, of course, is a very special place because we are the only school in Southern Arizona that offers Two-Way Dual Language, GATE classes for students, Kindergarten through 8th grade!

For Hollinger, be ready to have incredible teachers in the classroom and an awesome community for kids and families! Additionally, this will distinguish Hollinger K-8 as an amazing place to learn and to be for innovation, creativity, and learning!

Additionally, students and families at Hollinger K-8 can expect a very rigorous curriculum, filled with deep learning opportunities that are not only challenging, but fun! Families can also expect the opportunity engage in a 21st Century After School Program! These activities include tutoring, sports, Mariachi, and more! Please ask the front office for details on registration!

Enrollment at the Hollinger will be both based on a neighborhood and lottery structure! For School Year 19-20, Hollinger K-8 will only be available for all grades, Kindergarten through 8th grade. For more information, please call the Tucson Unified School District Department of School Community Services at 520-225-6400 or call the front office at 225-1700! We can't wait to see you this August!

Very Warm Regards,

Mr. Kamren Taravati, M.Ed
Principal
